SUNY Old Westbury
Dept. OF Mathematics, Computers & Information Science
SCHOOL OF ARTS AND SCIENCE
COMPUTER SCIENCE PROGRAM

COURSE TITLE: Internet and Web Technologies

COURSE NUMBER: CS 4720 **MEETS:** 2:20-4:50pm **Room:** NAB 0113

CREDIT HOURS: 4

INSTRUCTOR: Doyoung Park, Ph.D

OFFICE: Academic Building 2008

PHONE: 516-628-5642

EMAIL: parkd@oldwestbury.edu

OFFICE HOURS: By an appointment

TERM(S) OFFERED: Summer, 2024

TEXTBOOK:

Title: Internet and World Wide Web How To Program (5th Edition)
Author: Paul Deitel, Harvey Deitel, and Abbey Deitel
Publisher: Pearson
ISBN-10: 0132151006, **ISBN-13**: 978-0132151009

PREREQUISITES: CS 4550 : Database Management Systems

COURSE DESCRIPTION:

Computer networks and the Internet are fundamental to comprehend how computers and people communicate over the Internet. The course studies how the Internet and the World Wide Web have changed how people, businesses, and communities work and interact. It presents a variety of Web development technologies for developing state-of-the-art dynamic Web sites. It follows a practical approach through hands-on labs and homework proposing to solve concrete Web development problems of interest to the student in a wide range of application areas.

COURSE OBJECTIVES:

Some of the objectives for this course include:

- Understand fundamental data communication principles.
- Understand network protocols and connectivity.
- Understand the distributed architecture of the World Wide Web.
- Understand the technologies underlying the Internet, the World Wide Web, scripting languages, and dynamic Web sites.

- Create and maintain a dynamic Web site.
- Develop Web sites involving scripting languages to add interactivity to a Web site.
- Develop dynamic Web sites capable of interacting with a database.
- Develop server-side processing using PHP.
- Understand Web server configuration and the Web sites and applications it hosts.

TOPICS:

1. Fundamentals of computer networking and the Internet.
2. Configuration of a Web server.
3. XHTML development.
4. Cascading style sheets.
5. Scripting language development.
6. Dynamic HTML development.
7. Web graphics.
8. Interactive animations.
9. PHP server side development.
10. Database development.
11. Network protocols and systems connectivity.

INTENDED AUDIENCE:

This is intended for students who major in Computer Science or related field.

INSTRUCTIONAL MODALITY(IES): Lecture/Discussion/Labs

ACTIVITIES/ASSIGNMENTS/REQUIREMENTS:

There will be programming assignments, exams, and course project. Students may be required to present their projects and submit reports by the due date.

ATTENDANCE:

Most of the classes will be conducted asynchronously. However, please join the ZOOM class or come to the classroom (NAB 0113) on the following days:

1) June 10: Virtual meeting via ZOOM at 2:20 PM.
2) June 24: In-person meeting in room NAB 0113 for the midterm exam (Part 1).
3) June 26 & June 27: In-person lectures in room NAB 0113.
4) July 10: In-person meeting in room NAB 0113 for the final exam (Part 1).

Attendance will be checked during these sessions

it is required to watch lecture videos assigned to each week. Lecture videos for each week will be announced on Monday of the week. Those lecture videos assigned for each week will be available **only** during the corresponding week. They will not be accessible after that week.

EVALUATION:

Letter grades will be assigned to each student based on a mathematical calculation of the points earned on the homework, projects, quizzes as well as middle and final examinations. The weights of the exams are:

Your final grade in the course will be based on the following:

Labs and Project	35%
Midterm exam	25%
Final exam	30%
Attendance	10%

A = [94, 100]	**B** $^{+}$ = [87, 89]	**C** $^{+}$ = [77, 79]	**D** $^{+}$ = [67, 69]	
A^{-} = [90, 93]	**B** = [84, 86]	**C** = [74, 76]	**D** = [64, 66]	**F** = [0, 59]
	B $^{-}$ = [80, 83]	**C** $^{-}$ = [70, 73]	**D** $^{-}$ = [60, 63]	

Note:

1) Must read the supplement document “course_outline_more” to understand more course rules and grading policies. Any cheating in tests or projects will result in a grade of "F".
2) The teaching management tool ***Blackboard*** will be used to post the assignments, collect the submission, communicate and post grades.

TENTATIVE COURSE SCHEDULE:

Sessions / week	Topic	Reading
Phase 1 (June 10-June 16)	HTML Part 1: Doc structure, validation, headings, paras, text styles, lists HTML Part 2: links, images, tables, forms, entities	Chap 2 Chap 3
Phase 2 (June 17 -June 23)	CSS Part 1: Motivation; usage; selectors & attrs CSS Part 2: Box model, layout, floats, more attrs Intro, JS in document, document.writeln Dynamic welcome page: variables, window.prompt JS assignment, expressions & operators	Chap 4 Chap 5 Chap 6

Phase 3 (June 24- June 30)	***Midterm Exam*** JS conditionals (and logical operators); if-then, switch JS iteration: while, repetition in general, operators JS iteration: for, do-while, break, continue, logical ops JS functions: definition, invocation JS functions cont.: scope, globals, recursion	Chap 7 Chap 8 Chap 9
Phase 4 (July 1- July 7)	JS Arrays Review Iteration & Functions Review Functions & Arrays JS Builtin functions (Math, String, Date, ...) and vars (window, document, ...) PHP Part1	Chap 10 Chap 11
Phase 5 (July 8 – July 11)	PHP Part2 ***Final Exam***	Chap 19

POLICY:

- ***Late Assignment***

  For each assignment, If you submit *m* days later, your maximum grade will 100*(1-0.*m*). For example, if *m*=2, your maximum grade is 100*(1-0.2)=100*0.8=80.

- ***Missed Assignments***

  Discuss with the instructor

- ***Missed Examinations***

  Students who miss an exam should contact the instructor as soon as possible. If it is known in advance that an exam will be missed, the instructor should be contacted before the exam.

- ***Phone Use Policy***

  Phones should be switched off during the mid-term and final exams. Phones, especially smart phones with Internet access and camera, are not allowed to be on person during exams

- ***Electronic Device***

I have no problem with you using computers or tablets to take notes or consult reference materials during class. Tempting though it may be, please do not check e-mail or visit websites that are not relevant to the course during class. It is a distraction, both for you and (more importantly) for your fellow classmates. Please silence your phones and computers when you enter class.

- ***Important Calendar Dates for university courses***

This course will follow all the university dates published by the university. Students can access those official dates by viewing the university calendar at:
https://www.oldwestbury.edu/academics/calendar

- ***Incomplete Grade***

A grade of Incomplete may be assigned when a student has completed and passed a majority of the work required for this course but, for reasons beyond the student's control, cannot complete the entire course. Appropriate documentation should be provided.

Prior to the end of the semester, students must initiate the request for an "I" grade. The incomplete will only be assigned on the basis of an agreement between the instructor and the student (specifying the work to be completed and establishing a general timeline by which the work will be completed.) Incomplete may NOT be resolved by auditing or registering again in a subsequent offering of the course. The date for the completion of the work may be no later than one month before the end of the subsequent semester. Once the work is completed, the instructor will assign an appropriate academic grade.

- ***Academic Integrity***

As members of the Old Westbury community, students are expected to adhere to standards of honesty and ethical behavior. Plagiarism and other types of academic dishonesty are condemned at all academic institutions. These acts detract from the student's intellectual and personal growth by undermining the processes of higher learning and the struggle with one's own expression of ideas and information.

Students are expected to be familiar with the academic standards regarding academic integrity of the University and to uphold the policies in this respect. Students are particularly urged to familiarize themselves with the contents at the website:
https://www.oldwestbury.edu/sites/default/files/documents/academic-integrity.pdf
and avoid any behavior that could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.

- ***Examinations with Disability Services for Students (OSSD)***

If you have or suspect you may have a physical, psychological, medical or learning disability that may impact your course work, please contact Stacey DeFelice, Director, The Office of Services for Students with Disabilities (OSSD), NAB, 2065, Phone: 516-628-5666, Fax (516) 876-3005, TTD: (516) 876-3083. E-mail: defelices@oldwestbury.edu.

The office will help you determine if you qualify for accommodations and assist you with the process of accessing them. All support services are free and all contacts with the OSSD

are strictly confidential. SUNY/Old Westbury is committed to assuring that all students have equal access to all learning activities and to social activities on campus.

- ***BASIC NEEDS STATEMENT***

Any student who faces challenges securing their food or housing and believes this may affect their performance in the course is urged to contact the Dean of Students for support at (516)876-3067 or Student Union 303. The college has a food pantry available for the campus community, Panther Pantry Student Union 301B.

- ***COUNSELING RESOURCES***

As a college student, there may be times when personal stressors interfere with your academic performance or negatively impact your daily life. If you or someone you know at this college is experiencing mental health challenges, please contact the Counseling and Psychological Wellness Services at 516-876-3053. We're located at the Student Union, Lower Level, Suite 100, and are open Monday to Friday, 9am to 5pm.

If a crisis situation occurs after hours, contact a Residential Director. The University Police, at 516-876-3333, will also be able to offer assistance. The National Suicide Prevention Lifeline also offers help 24/7, and can be contacted at 1-800-273-8255.

- ***TITLE IX, SEXUAL DISCRIMINATION, HARASSMENT AND VIOLENCE***

SUNY Old Westbury prohibits sexual discrimination, harassment and violence, and will promptly respond to all complaints. The purpose of Title IX is to prevent sex discrimination on campus, address reported assaults and incidents, limit the effects of harassment on the educational environment, and prevent its recurrence. If you or someone you know believes they have been subjected to sexual discrimination, harassment or violence, help is available. To report or for more information please visit https://www.oldwestbury.edu/title-ix, please contact the Title IX coordinator, Deputy Title IX coordinator or University Police at 516-876-3333. Confidential resources and support is also available from the counseling professionals in the Counseling & Psychological Wellness Services department, located in the Student Union Lower Level Room LL100 (off the Rotunda) at 516-876-3053.
